Mr. Nordine:

Responses to EPA's comment letter dated 5/30/2014 on Central Wire's Revised Status Report are attached to this email. Please review and provide any additional comments to Central Wire.

Central Wire had a question as to whether or not this response to comments needed to be certified. There is no new analytical data submitted with these responses. Mr. Hanewald of Central Wire is the certifying official and he will be at the Union, IL plant next week, so if it needs to be certified, the certified copy will be sent to you next week.

Please call me if you have any questions or concerns.

Regards,

Jack
